We may provide further advice to you after we have given you an Initial SoA. If we have not provided you with a record of the further advice you may request, either verbally or in writing, a record of further advice within 7 years of us providing the further advice or as prescribed by law.

If we recommend a particular Financial Product to you we will give you a PDS. Where the financial product offered to you is a new listing on a licensed securities market, for example, a new listing of securities, we will give you a prospectus which is the PDS for these products.

Your adviser will tell you in writing in the SoA, or letter of engagement, what fees we may charge you, when you have to pay, and what payments we may receive from the Financial Product issuer/s. If you wish to proceed, you will need to sign and return the Authority to Proceed which is attached to the SoA.

Our directors and employees are remunerated on a salary and commission basis for the services provided to you. This means that

they may receive a portion of the fees paid by you to us, as a commission as authorised by you.

We may be required to share a percentage of the commission or other charge with external service providers. These fees and charges are governed by a Service Level Agreement between the external service provider and us, and will only be paid if authorised by you. No additional fees are charged to you, unless agreed otherwise, for the provision of a service by an external service provider.

How are commissions, fees or other benefits calculated for providing the financial services?

While some of the fees we charge may be tax deductible, we recommend that you confirm this with a professional taxation adviser who can give consideration to your particular circumstances.

Where we are required to issue you with a SoA in connection with specific advice, that document will provide details of the fees payable in connection with that advice.

		Monthly Fee payable = \$28,875/12 = \$2,406
Portfolio Value greater than \$5,000,000	\$49,500 plus 0.55% of (Transaction Value less \$5,000,000)	Portfolio Value = \$7,000,000 Annual Fee payable = \$49,500 + (7,000,000 - 5,000,000) x 0.55% = \$60,500 (inc GST) Monthly Fee payable = \$60,500/12 = \$5,042

Managed funds

If we recommend a managed fund investment to you, the relevant manager may pay us commission if you choose to invest in that product. Commission rates vary and we will discuss them with you at the time we make the recommendation. A fund manager may also pay ongoing commission to us for as long as your investment remains with them. These amounts will be paid out of the manager's own funds.

Managed Fund providers may pay Argon Capital an initial sum of up to 4% of the initial amount invested and an ongoing commission of up to 0.55% (including GST) per annum of the value of your investment.

For example if you invest \$10,000 in a managed fund Argon Capital may receive an initial sum of up to \$400 of the amount invested and an ongoing commission of up to \$55 per annum.

Will anyone be paid for referring me to you?

Where you have been referred to us by someone else, if we pay them a fee or commission in relation to that referral, we will tell you in the SoA, or letter of engagement who will receive that fee or commission and the amount they will receive.
